

Let's shape the future together!

At Accenture, we work at the heart of change!

Change that begins with a simple small idea and expands into a disruptive solution that could shape the future of our world.

We are always on the lookout for exceptional people who can learn, grow and advance in a diverse culture of shared success.

What do we do?

We work with clients to accelerate change within their organization, through technological interventions, to create lasting value. With presence across 200 cities globally, we combine local insights with deep industry expertise.

We are a global leader, and we deliver full-service technology and business capabilities to everyone—from the biggest global businesses to the smallest start-ups.

To truly understand how we create 360° value for our clients, just take a look at some of our recent case studies [here](#).

The secret sauce behind our success

We strongly believe that what sets Accenture apart from every other organization is our extremely talented pool of people. We are proud of being a talent-led organization, that is powered by our people's ingenuity and our incredible diversity.

Globally, we are a team of over 624,000 people combining intelligence and unmatched expertise to deliver lasting value for our clients, people and communities.

However, we are always on a lookout for passionate, curious and creative thinkers to take Accenture into the future.

Record performance with significant market share gains, driving superior shareholder value.

Total Revenues

\$50.5B

We are honored to be recognized

We innovate to improve the way the world works and lives. See our accomplishments as a global leader, great employer and corporate citizen.

Here's how we have reimagined experiences for our people

At Accenture, we strive to create an encouraging ecosystem and arm our people with the tools to propel them to new heights in their career.

- ⊖ At Accenture, the wheels of innovation turn non-stop.
- ⊖ Work from home or from office in a phygital workplace. Our people seamlessly collaborate with their work buddies as they learn and enjoy working in an open, flexible and productive environment. Build responsible solutions that improve the lives of millions around the world.
- ⊖ Bond with colleagues and have a little fun. Because together, we can achieve great things!
- ⊖ Learn. Do. Repeat. We're harmonizing work and life for our people through holistic, value-based, tailored experiences to help them realize their full potential.

A great IT career for exceptional talent!

We are looking for graduates who are interested in building a long and fulfilling career in the IT industry with little or no coding experience? We have number of exciting opportunities for your students to explore a career in IT.

Project control services

- Enable program management and increase the overall quality of technology delivery
- Support projects in the Technology Delivery Centers by tracking and managing project management office activities

Low/no code app development

- Develop applications using a low-code development platform, setting up and configuring systems for each client's unique requirements
- Work with three key elements: Form builders, Pre-built templates, Drag-and-drop visual interface

Advanced App/Cloud support and engineering

- Identify and solve issues within applications and infrastructure
- Drive resolution of functional, technical and infrastructural issues of our clients

Test engineering

- Create test designs, test processes, test cases and test data
- Analyze the results and then submit the observations to the development team

Eligibility criteria:

- 2022 graduating candidates with B.Sc, BCA, BCom, B.A, BBA, MA, M.Com, MFA and M.Sc and other non-engineering degrees (E.g.; B.Voc & BMS) can apply
- No active backlogs during application and/or during onboarding
- Maximum 1-year gap in education (post 10th standard till completion of graduation)
- Should not have appeared for Accenture recruitment assessment/interview process in the last three months
