STUDENT TESTIMONIALS

1. GUNDEGALLA BHARATH MUDHIRAJ, B. Com. (General): 2018-21 batch

I want to thank my IIMC faculty for providing guidance and insights which helped us in cracking assessments conducted by various companies during placement interviews. They were always available and respond to all the queries from time to time. In terms of education, the teachers are highly experienced. With continuous guest lectures, seminars and workshops arranged in the college campus helped us to gain practical knowledge to get placed in multiple MNCs. I am happy to start my career with KROLL. I have joined in Kroll, as US Property Tax Analyst in March 2022 and my learning experience here is tremendous. I have learnt many things in US

Taxation (Property Tax). IIMC offers a blend of learning, enjoyment and extracurricular activities by conducting Quiz, and other competitions. The college manages both the areas in an adept manner. The infrastructure has been a Centre of Excellence always. My sincere appreciation and gratitude to the Placement Cell for updating the students by providing Training programs regarding placements. Every graduate will get a chance to prove themselves by getting a placement, attending seminars, quiz competitions which helps us gain the knowledge in Commerce like Accounts/Taxation etc.

2. AKASH CHERUPALLY, B.Com. (Honors): 2018 -2021 Batch

Having passed through IIMC number of times, but never noticed the campus, until I found about it through various Magazines and websites. I went to apply for B.Com. (Hons), one of the best courses offered by IIMC. With the best infrastructure, i.e. library, computer labs, reading room, etc. qualified faculty constantly making efforts to bring out the best in us, number of extracurricular activities (NCC, NSS, MUN, Sports tournaments, etc.) and inter college fests. Not to forget intra college competitions every week organized by Student Clubs made us keep updating our knowledge on every aspect. Even through the tough times of

COVID, we had a wonderful time. In this competitive world, when all the companies are shifting towards hiring freeze, I had an opportunity to apply for 17 companies. Industry giants like Deloitte, ADP, Genpact, EY, and Accenture to name a few. With those three years of fun, learning and experience, I was able to land on with FEDERAL BANK LIMITED at the age of 20.
