ABOUT THE COLLEGE

“Literacy in itself is no education. By education, I mean alround drawing out of the best in the child’s mind and spirit”

- Mahatma Gandhi

In the year 1973, a few concerned great visionaries huddled together to establish Business Management course in collaboration with Pittsburgh University, but the plan was not gone forward for implementation. In this state of perplexity, Founders of Vasavi Seva Kendram and Vysya Hostel together conceived the idea of an academic wing and they registered it as Vasavi Foundation, with men of letters as its members. They contemplated an institution of national character and named it as **“Indian Institute of Management & Commerce”**. During this time, Department of Commerce of Osmania University was trying to initiate B.Com Undergraduate course focusing on Law, Accounts, Economics and also planned to bring Mathematics by introducing a three year course in the name of B.Com.(Hons.)

The peer members of Vasavi Foundation and Department of Commerce of Osmania University interacted with each other to usher in B.Com.(Hons.) through Indian Institute of Management and Commerce. Since then IIMC is imparting instruction with elan and commitment.

IIMC offers B.Com.(General, Honors, Computer Applications), BBA, B.Sc & M.Com. The main goal is to holistically nurture the students by providing them with top quality education using cutting edge, effective teaching methods in an affable and comfortable environment. The college has been proactive to the significant changes and development in the domain of higher education in Business, Commerce, Management and Science.

The motto of the college is “Applied Knowledge leads to Growth” which serves as an inspiration behind the vision and mission of the college to give shape to a society, full of all-inclusive minds to cater the inherent diversity of our country. From the beginning, the college has been striving to be one among the famous institutions for Commerce and Management education.

The college aims to inculcate the highest intellectual standards through rigorous academic commitment and discipline. Students are inspired to aspire for higher level of academic achievement by mastering the subjects they have chosen to study. The college already committed to make teaching and learning as “Student Centric” -that makes the students think, analyse and work independently by inculcating the original and creative thinking- Which is even emphasised by recent New Education Policy 2020.

Inclusive practices, i.e., diversity in the classrooms, learning projects, Placements, Internships and Value addition activities are inherent in the institutional system. We encourage all our students to stand always high with regard to their work, behaviour, expression of values such as social justice, Integrity, Respect and Responsibility.

We welcome the students extending our good wishes.

“Education is the manifestation of the perfection already in a man”

- Swami Vivekananda
