IIMC **ABOUT THE COLLEGE**

“The aim of education is knowledge not of facts, but of values”.

In the year 1973, a few concerned farsighted well-meaning minds were in a huddle to establish a Business Management course in collaboration with Pittsburgh University, but the action plan was thrashed out. In this state of perplexity, Founders of Vasavi Seva Kendram and Vysya Hostel together conceived the idea of an academic wing and registered it as Vasavi Foundation, with men of letters as its members. They contemplated an institution of national character and christened it as “Indian Institute of Management & Commerce”. During this time the Department of Commerce, Osmania University was trying to improve B.Com. Under graduate course focusing on Law, Accounts, Economics and bring in Mathematics by introducing “B.Com(Hons.)”, a three year course.

The peer members of Vasavi Foundation and Department of Commerce, Osmania University interacted with each other and they decided to usher in B.Com (Hons.) through Indian Institute of Management & Commerce. Since then, IIMC is imparting instruction with élan and commitment.

With changes sweeping across the higher educational environment, our College offers five major courses, i.e., B.Com General, Honors, Computers, Computer Applications, BBA and B.Sc. The college aims at training young men and women of quality to be the leader in all walks of life, whom we hope will play a vital role in bringing about the desired changes for the betterment of society. It fosters an atmosphere of intellectual vigor and moral rectitude in which the youth may find their fulfillment and achieve greatness as eminent men and women of service. The college is reputed educational institute known for outstanding students holding highest designations in their fields of career.

We are the travellers carrying with us hope, compassion and gratitude. The spiritual vitality, academic excellence and social relevance have remained the guiding principles of the institution down the decades. With all humility, we move side by side helping each other grow, offering comfort, strength and will be of good cheer to travel the road, ever conscious of the weak traveller.

IIMC continues to grow evolving by bench marking itself against the best colleges across the country. A student centric philosophy leads to innovative teaching, learning, academic, co-curricular and extra-curricular activities and healthcare programs. Cutting edge technologies, virtual classrooms and modern infrastructure positively impart the delivery of global educational standards. Diversity in the classrooms, learning projects, Placements, internships and value added activities lead a more holistic development among the students.

The diligent faculty and staff are committed with sincerity and pledge to give their best to accomplish students' dreams. We welcome all the students extending our good wishes.
