ABOUT THE COLLEGE

“Education is the passport to the future, so prepare for it today”

In the year 1973, a few concerned farsighted well-meaning minds were in a huddle to establish a Business Management course in collaboration with Pittsburgh University, but the action plan was thrashed out. In this state of perplexity, Founders of Vasavi SevaKendram and Vysya Hostel together conceived the idea of an academic wing and registered it as Vasavi Foundation, with men of letters as its members. They contemplated an institution of national character and christened it as “Indian Institute of Management & Commerce”. During this time the Department of Commerce, Osmania University was trying to improve B.Com. Undergraduate course focusing on Law, Accounts, Economics and bring Mathematics by introducing “B.Com.(Hons.)”, a three-year course.

The peer members of Vasavi Foundation and Department of Commerce, Osmania University interacted with each other and they decided to usher in B.Com.(Hons.) through Indian Institute of Management & Commerce. Since then IIMC is imparting instruction with élan and commitment.

IIMC offers B.Com. (General, Honors, Computer Applications), BBA, B.Sc. & M.Com. The main goal is to holistically nurture the students by providing them with top quality education using cutting edge, effective teaching methods in an affable and comfortable environment. The college has been proactive to the significant changes and developments in the domain of higher education as well as business and commerce.

The motto of the College is “Applied Knowledge leads to Growth” which serves as an inspiration behind the vision and mission of the college to give shape to a society, full of all-inclusive minds to cater the inherent diversity of our country. From the beginning, the College has been striving to be a state of art institution for Commerce and Management education.

The College aims to inculcate the highest intellectual standards through rigorous academic commitment and discipline. Students are inspired to aspire to higher level of academic achievement by mastering the subjects they have chosen to study. The College stands committed to make teaching and learning “Student Centric” which makes the students think, analyse and work independently by inculcating original and creative thinking.

Inclusive practices, i.e., diversity in the classrooms, learning projects, Placements, Internships and Value-added activities are inherent in the system. We encourage all our students to develop high expectations about themselves, their work, and their behaviour, which is an expression of our values such as Social justice, Integrity, Respect and Responsibility.

We welcome the students extending our good wishes.

“Education is simply the soul of a society as it passes from one generation to another.”
